

GENERAL TERMS AND CONDITIONS

GENERAL INFORMATION

§ 1 SCOPE

- (1) These Terms and Conditions apply to software license agreements, contracts of sale of other products and for the purchase of services between UJAM Music Technology GmbH (in the following referred to as UJAM) and the customer, both with respect to consumers and entrepreneurs alike. Regulations that apply exclusively to consumers or entrepreneurs are explicitly identified as such.
- (2) In accordance with Section 13 BGB (German Civil Code), a consumer is any natural person who concludes a legal transaction for purposes that predominantly are outside his trade, business or profession.
- (3) In accordance with Section 14 BGB, an entrepreneur is a natural person or legal entity or a legal partnership which, in concluding a legal transaction, exercises his or its trade, business or profession.

§ 2 WARRANTY AND LIABILITY

- (1) Statutory warranty rights apply to all goods in the shop of UJAM provided that the goods are used in accordance with the article description. Except in cases where damages result from intent or gross negligence, or in the event of injury to life, body, or health, or in cases of breach of guarantees or material contract obligations all as per subsection (2), the warranty period is limited to 12 months.
- (2) With regard to limitation of liability, the following applies:
 - a) In the case of intent or gross negligence and lack of a guaranteed property, the vendor has unlimited liability for any damage arising therefrom.
 - b) In the case of slight negligence, the vendor has unlimited liability in the event of injury to life, body or health. Should the vendor be in default in its performance due to slight negligence, should performance become impossible or should the vendor breach a material obligation, liability for the resultant property damage and financial loss is limited to the foreseeable damage typical to the contract. A material obligation is an obligation whose fulfillment makes the proper execution of the contract possible, the breach of which endangers the purpose of the contract and on whose compliance the contracting partner may regularly rely.
 - c) The liability for all other damages is excluded, whereby liability under product liability law remains unaffected.
 - d) The objection of contributory negligence remains available to UJAM. The customer is however responsible for regularly backing up data. In the event of loss of data caused by UJAM, UJAM is therefore liable only for the cost of copying the data for the backup copies which are to be made by the customer and for the restoration of the data that would have been lost even with a standard data backup procedure, as this is regularly foreseeable and typical damage when it comes to the proper backing up of data.

- e) If the customer alters the software or product supplied or has it altered by third parties, warranty claims are waived unless the customer can prove that the actual error is not due to the alteration.
- (3) UJAM can withdraw from the contract if UJAM should be unable to deliver the goods ordered at no fault of its own due to the supplier not fulfilling its contractual obligations. The customer shall be informed immediately in this case.
- (4) If a guarantee is referred to in the item description, the statutory warranty rights of the customer towards UJAM remain unaffected. The content of the guarantee and all the relevant information necessary for the enforcement of the guarantee can be found in the respective item description.

§ 3 CONTRACT AND ORDERING STAGES

- (1) The presentation of the products in each online shop does not constitute any legally binding offer. To order goods from the UJAM online shop, the customer must put the goods in the “cart” (by clicking on the corresponding button). The cart represents a list of all goods that the customer has clicked on to select for the purpose of ordering. Goods can be changed according to quantity or removed from the cart.
- (2) If the cart contains all the goods desired in the right quantities, the order process can be continued by pressing the appropriate button. The customer will be asked for his billing and delivery address, the desired payment and, where appropriate, the shipping method. Before the final order, all details of the order are displayed again in a summary and can be corrected by the customer.
- (3) The order is binding for the customer as soon as the customer has entered the payment details and has clicked on the order button or has sent his order against payment by invoice, wire transfer or cheque. The customer receives a confirmation in the case of the successful transmission of the order by email, through which the offer is accepted. With this email, confirmation of the purchase contract has been concluded. This confirmation can be printed out.

§ 4 SAVING THE ORDER, LANGUAGES AND ABILITY TO ACCESS THE T&CS

- (1) The order, including the customer’s personal details, is saved electronically by UJAM. The customer can view the order data after ordering if a login area has been set up.
- (2) The customer shall find the General Terms and Conditions of UJAM in the confirmation email sent to the address provided by the customer. The T&Cs can also be viewed in the shop and printed out by the customer at any time.
- (3) Languages in which the T&Cs can be accessed are available to the customer for conclusion of the contract.

§ 5 PRICES, PAYMENT CONDITIONS, RESERVATION OF OWNERSHIP AND RIGHT OF RETENTION

- (1) All prices are stated on the order page as total prices including, if applicable, shipping costs and taxes and are quoted in the currency chosen by the customer himself or which are displayed on the website and which he can access. Upon the conclusion of the contract with consumers, the statutory value-added tax is included in the price or is accounted for as such.
- (2) Upon the conclusion of the software provision contract, purchase agreement or service contract, the customer shall owe a payment, license fee or a purchase price. If payment by credit card is offered, this takes place subject to a positive credit check.
- (3) When paying by credit card, the customer agrees that UJAM will settle the order with the relevant credit card company. The chargeback fees arising from chargeback from credit institutions, which can be attributed to the fault of the consumer, shall be borne by the customer.
- (4) Cash payments are due upon receipt of the goods. Invoices are payable within the time stated on the invoice after receipt of the invoice. It is presumed that the invoice will have been received by the customer within a period of 3 days after sending by post unless the customer proves later receipt.
- (5) The purchased item or service delivered or provided in any way remains the property of UJAM until full payment has been made.
- (6) A lien can only be exercised by the customer if the claims result from the same contractual relationship.
- (7) The customer shall only have the right of offset if his counterclaims are legally established or recognized by UJAM in writing.

- (1) Unless otherwise stated on the item page, all products are immediately deliverable and all services are immediately performable. Where software has been provided, delivery is limited to the object code (executable form) with the documentation, installation and usage instructions provided by the manufacturer, where applicable. If the delivery is provided via download, no physical data carriers or documentation or manufacturer's instructions in paper form are supplied and are also not owed.
- (2) For deliveries of goods and the rendering of services within Germany, the maximum delivery time is 14 days
- (3) The period begins
 - a) upon receipt of payment by UJAM for payments by wire transfer and cheque.
 - b) for all other payment methods, upon the conclusion of a contract
 - c) for downloads, only after successful payment and not before the receipt by UJAM of required additional information to be provided by the customer for licensing.
 - d) For deliveries to other countries, paragraphs 2, and 3 apply, with the provision that the order is delivered within 28 days.
 - e) Events of force majeure, measures in the context of labour disputes and other unforeseen circumstances, including non-delivery by the suppliers, for which UJAM is not at fault, entitles UJAM to extend delivery deadlines for the duration of the disability accordingly. This shall however be for a maximum period of two weeks from the order being placed. Delays only occur only after a reasonable grace period has been set. Should the delay last longer, the customer may set a reasonable time limit for performance and withdraw from the contract following fruitless expiry. After six weeks of the order, UJAM is likewise entitled to withdraw from the contract. Claims for damages are excluded unless the delay is caused by UJAM.
 - f) No shipping costs are invoiced by UJAM when software is downloaded. The customer has to set up the remote communications link to the UJAM server (Internet connection) required for the download and bear the resulting costs of use of the distance communications link as part of the access.

§ 9 SEVERABILITY CLAUSE AND CHOICE OF LAW

- (1) The parties agree to the application of German law under exclusion of the UN Sales Convention.
- (2) Should individual provisions of these Terms and Conditions or the contract concluded between the parties be wholly or partially invalid, the validity of the remaining provisions shall remain unaffected.

INFORMATION ON THE RIGHT OF REVOCATION FOR CONSUMERS

§10 RIGHT OF REVOCATION

Right Of Revocation

If you are a consumer you have the right to revoke your contractual acceptance in writing within fourteen (14) days without stating any reasons. The fourteen-day revocation period commences upon the day you or a designated third party have received the good. In order to exercise your right of revocation you must inform us with an explicit declaration (e.g., via letter, telefax, e-mail) of your decision to revoke this contract. Please send this to:

UJAM Music Technology GmbH
Auf der Muggenburg 52
28217 Bremen
Germany
Online: <https://support.ujam.com/hc/requests/new>

You can use the template withdrawal form for this purpose, which is not mandatory, however.
<https://www.ujam.com/legal/en/withdrawal-form/>

To avoid exceeding the end of the revocation period it will suffice if you send this notice or return the merchandise before the fourteen-day revocation period has expired.

Legal consequences of revocation

Should you revoke this contract, we must immediately refund you all payments that we have received from you, including delivery costs (with the exception of the additional costs arising from the fact that you have chosen a type of delivery other than the cheapest standard delivery offered by us), at the latest within fourteen days from the date on which we receive the communication concerning your withdrawal of this contract. For this refund, we use the same means of payment that you used for the initial transaction, unless explicitly agreed otherwise with you; in no case will you be charged fees for this refund.

Premature expiration of the right of revocation

UJAM is very eager, including in the case of digital content, for the customer to essentially have the possibility to return digital content if they are not satisfied and to withdraw from the contract. The legislator, however, provides that the right of withdrawal shall expire if the entrepreneur has started the execution of the contract, after

- a) the consumer has expressly agreed that the entrepreneur begins the execution of the contract before the end of the withdrawal period, and
- b) has confirmed his knowledge that he loses his right of withdrawal by his agreement regarding the start of execution of the contract.

SPECIAL TERMS AND CONDITIONS FOR CONTRACTIONS IN ACCORDANCE WITH SECTION 14 BGB
